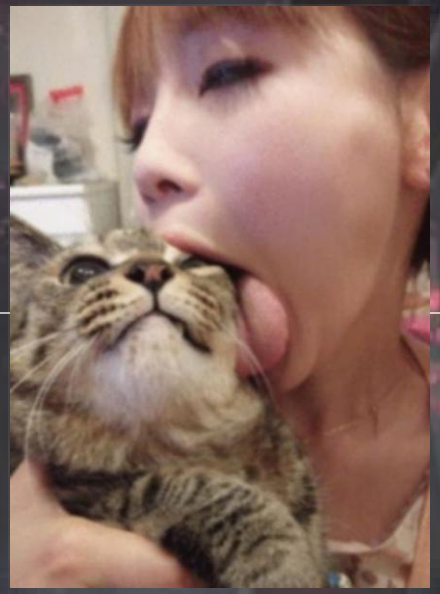
DAVE TAMAYO

An Information Technology professional with a strong interest in technology, problem-solving, and digital innovation. I am passionate about applying IT knowledge to develop efficient solutions, support systems, and contribute to organizational growth through technology.



HOBBIES

I am passionate about gaming, riding, and caring for cats. As a gamer, I enjoy strategic thinking, problem-solving, and staying engaged in dynamic virtual environments. Riding gives me a sense of freedom, adventure, and discipline, while being a cat lover reflects my caring and patient nature. These hobbies shape my personality by balancing creativity, exploration, and compassion.

PROJECTS

a **Login Panel System** and **FoodHub Graphic User Interface (GUI)**. The Login Panel System is designed to provide secure user authentication, role-based access, and an efficient user management experience. It emphasizes both functionality and security while maintaining a user-friendly interface.
